Subject: FW: Fugitive Emissions Monitoring Plan

Abby: Attached are the documents that comprise QEP's Fugitive Emissions Monitoring Plan (FEM Plan) for the North Dakota assets subject to NSPS OOOOa. Attachment 4 provides an example of a site map that is prepared for each NSPS OOOOa affected facility. While this plan is required for OOOOa facilities, it also is a resource for surveys of all North Dakota facilities.

Also attached is an announcement of the sale of QEP's North Dakota assets.

Please let me know if you have any questions. We look forward to seeing a draft of the consent agreement. Colin
